**Subject:** Re: BlueScope's Community Consultative Committee 29 September 2016 - Call for Agenda items

Hello Liz,

Sorry but I cannot attend as I am on dayshift and will not be available until the evening.

As an agenda item I (The Port Kembla Pollution Meeting Committee) would like to publicly thank Bluescope Steel for their support of the Port Kembla Pollution Meetings 30th anniversary.

The event was an extraordinary success and enjoyed by past, present and serving politicians, CEO's, Councillors, managers and community members.

The common thread amongst the speeches that were given was the sentiment of respect, trust and mutual acceptance between businesses and the community as the meeting endeavoured to work with industry to achieve acceptable outcomes for all parties.

Bluescope's support certainly gave the day the feeling of "community" as we shared coffee, cake and lunch.

Many thanks from the Port Kembla Pollution meeting.

regards

Mark Peterlin
